

COMPANY OVERVIEW

1

About Us

An overview of Ultra Surface Solutions.

2

Environments

Design and manufacture surfaces across all industry environments.

3

Surfaces

Supply, design and manufacture with leading surfaces and products.

4

Services

Design, CAD Manufacturing and Machining capabilities.

5

Finished Solutions

We can design and manufacture to your requirements.

Ultra Surface Solutions is proudly
100% NZ Owned & Operated.

The business thrives because of its people.

Since 2011, Ultra Surface Solutions (USS) and Simply Surfaces have been owned and operated by Rowan O'Brien.

From the age of 17, he worked and gained experience in the industry, running branches of the family business and earning a reputation for his manufacturing techniques, technical knowledge and skill.

In 2011, Rowan purchased Tauranga Laminates, a laminate benchtop manufacturing company, providing a service to the interiors industry. The business originated in the 1990s and already had more than 20 years in the local market. Wanting to expand the business into complementary products, Rowan rebranded the company as Ultra Surface Solutions.

Their mission - to be the leading manufacturer of premium solid surfaces and HPL laminate in the North Island and to deliver the best, most attractive and functional surfaces to delight their clients now and in the future.

Today, the brand has grown to include: Ultra Surface Solutions (USS) serving trade customers, Simply Surfaces and The Top Shop Whakatane, retailers of surfaces and benchtops for homeowners and renovators, Tavolo - Premium Solid Surfaces and Rowan James Limited, New Zealand importer and distributor of Tavolo.

The business could not thrive without its people. From concept to completion, the USS team delivers superior craftsmanship high-quality finished solutions.

Design.
Build.
Quality.
Performance.

A full range of surfaces for any project brief.

High Pressure Laminate

High-Pressure Laminate (HPL) is one of the most popular and economical surface materials used in New Zealand.

HPL offers a wide range of designs and colours to complement today's modern and changing marketplace.

Our HPL range includes:

Laminex, Wilsonart, Formica and PrimeLaminate

Our fabricated surfaces come with a 7-Year Warranty.

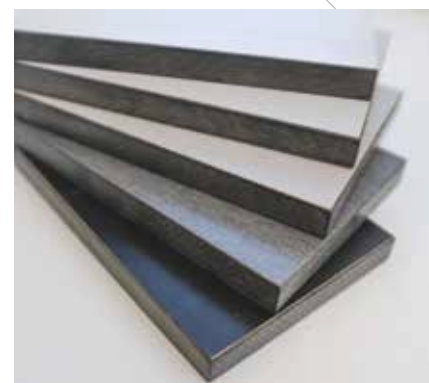

Acrylic Solid Surfaces

Acrylic Solid Surfaces are a popular choice in the residential and commercial markets allowing full creative freedom of design.

The non-porous, seamless and hygiene properties of Acrylic Solid Surfaces make the material suitable for a wide range of applications.

Our Acrylic Solid Surface range includes: Tavolo and Hi-Macs.

Our Acrylic Solid Surfaces come with a 10-Year Warranty.

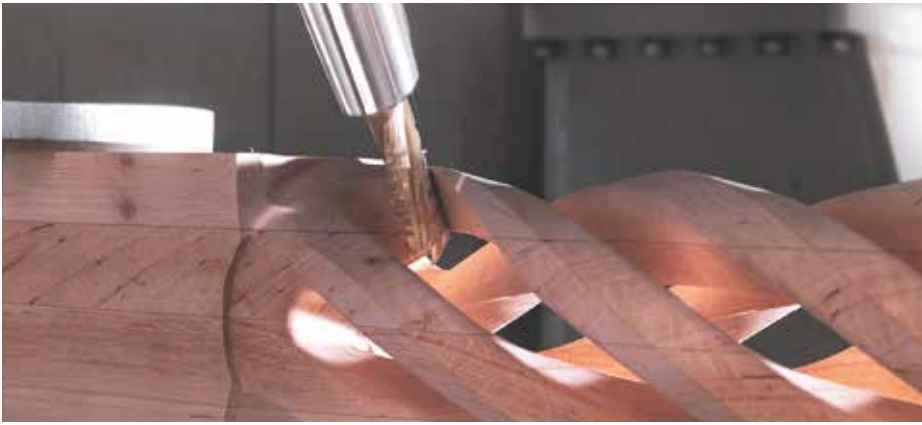

Compact Laminate

Compact Laminate is a decorative panel that is extremely strong, self-supporting, durable and moisture-resistant.

Compact Laminates are a popular choice in the commercial and public spaces markets.

Our Compact Laminate range includes: Laminex.

Our Compact Laminates come with a 10-Year Warranty.

CAD Design and Processing

Full CAD design and processing using the latest industry tools on performance workstations enables Ultra Surface Solutions to offer you a full design and build service.

Manufacturing & Machining

Ultra Surface Solutions uses state of the art manufacturing technologies delivering performance products on-time with high repeatable accuracy.

Our CNC technologies can cut and shape a range of soft materials including: Wood, Aluminum, Acrylic, Composite, Perspex and more.

Ultra Surface Solutions are leaders in surface design, innovation and manufacturing.

Whatever your project requirements, Ultra Surface Solutions has a surface to suit.

Finished Solutions

Here at Ultra Surface Solutions, we work hard to meet your project requirements by providing finished solutions.
